### Naser Z. Abu Rumman

**Attorney, Researcher in Medical Liability, Founder & CEO**

**Email:** [aburumman.naser@gmail.com](mailto:aburumman.naser@gmail.com) | **Phone:** +962-796940800

**Address:** Amman, Jordan / Istanbul, Turkey

### PROFESSIONAL SUMMARY

---

A distinguished legal expert in medical liability and healthcare law, Dr. Nasser Abu Rumman currently serves as Chair of the Medical Liability Committee for the World Council for Medical Tourism, where he advocates for the establishment of clear, transparent, and globally recognized standards for medical liability in medical tourism. In addition, Dr. Abu Rumman is responsible for overseeing the council's operations in Jordan and Turkey, further strengthening medical tourism practices across these regions.

Dr. Abu Rumman is also the Founder and CEO of West Asia Consultancy for Medical Liability (WACML), a leading Istanbul-based firm focused on addressing critical gaps in medical liability standards across West Asia countries. WACML is recognized for its efforts in promoting medical liability awareness, ethical practices, and reducing medical errors in the healthcare industry.

As a lecturer in medical liability and healthcare law, Dr. Abu Rumman shares his expertise with the next generation of legal professionals, contributing to academic discourse and the development of informed legal frameworks in the healthcare sector. He is an author and researcher, having contributed significant literature to the field, further advancing medical liability knowledge and legal practices.

Dr. Abu Rumman is dedicated to providing expert legal defense and consultation to healthcare providers, enhancing legal protections and improving healthcare standards. Fluent in both Arabic and English, he is a recognized thought leader committed to advancing the field of medical liability through education, advocacy, and strategic partnerships.

## **AREAS OF PRACTICE**

---

- **Medical Liability Defense:** In-depth knowledge of medical liability laws, risk management, and legal frameworks in healthcare, with extensive experience defending healthcare providers and professionals in medical malpractice cases. Specializing in mitigating legal risks through proactive defense strategies and a comprehensive understanding of medical negligence claims.
- **Researcher in Medical Liability:** Conducting advanced research on medical liability, focusing on emerging trends in malpractice litigation, legal frameworks, and the impact of medical errors. Contributing to the development of best practices for risk management and the evolving field of healthcare law.
- **Healthcare Law Consultation:** Providing expert legal advice on compliance with national and international medical regulations, licensing requirements, and ethical standards. Offering guidance on navigating complex legal challenges within the healthcare industry, including healthcare provider obligations, patient rights, and regulatory compliance.
- **Medical Tourism Legalities:** Specializing in the intersection of law and international healthcare, advising both patients and providers on the legal aspects of medical tourism. This includes cross-border healthcare regulations, patient safety, informed consent, and liability issues arising from treatment abroad.
- **Tort & Contract Law:** Expertise in tort liability, contract disputes, and litigation strategies within the healthcare sector. Skilled in resolving disputes related to healthcare contracts, insurance coverage, and malpractice claims, ensuring that all legal processes align with medical industry standards.
- **Medical Ethics & Risk Management:** Focus on reducing medical errors, enhancing patient safety, and promoting ethical practices in healthcare settings. Providing strategies for risk mitigation and fostering a culture of compliance and ethical responsibility within healthcare organizations.
- **Lecturer in Medical Liability & Medical Tourism:** Experienced academic lecturer in medical liability and medical tourism. Delivering courses and lectures on legal issues in healthcare, focusing on medical malpractice, risk management, and the legal complexities of international healthcare systems. Engaged in teaching, curriculum development, and mentoring future professionals in the intersection of law and healthcare.

- **Legal Training & Awareness:** Educating healthcare professionals on their legal responsibilities, patient rights, and the latest changes in healthcare law. Offering tailored training to reduce liability risks, improve clinical practice standards, and promote awareness of legal challenges in the healthcare field.
