ABOUT US ?

Swift Medical Company is a distinguished medical innovation in delivering the fast/primary healthcare system to family and community groups. Our quality and technical standards are embodied by integrating the Q-HIS Unified Electronic Health System with the Communicative Radiology System and Telemedicine with the health services provided, within an integrated environment that includes an advanced laboratory and a pharmacy, all under one roof, to achieve comprehensive and connected care.

VISION

Pioneering healthcare transformation in the Kingdom of Saudi Arabia through aligning international and specialized health services with smart, world-class technology and an integrated health system.
